

## ICC-B NORTH CAMPUS COMMUNITY UPDATE May 25, 2012

## Community Members,

Construction activities at the ICC-B site will start May 29, 2012. We want to update the community on information related to these activities and general project information. Below are some answers to frequently asked questions:

- Gates will be open from 5:30 a.m. to 6:00 p.m.
- Typical work days will be Monday- Friday. Saturdays may be used as make up for delays.
- Project will comply with local noise ordinances
- Primary truck route will be Sangamore Road, Mass. Ave., Goldsborough Rd., River Road
- Clark will have a flagman at the entry point of project to facilitate safe vehicle and pedestrian traffic.
- If a community member has a concern, the project has established an email account and will be setting up a phone line. Messages can be left at both of these locations for project members to respond. Email address is <a href="iccbnorthcampus@gmail.com">iccbnorthcampus@gmail.com</a>.

In the next 4 weeks the following activities will be taking place:

- Install sediment and erosion controls. Placement of inlet protection and silt fence
- Install stone construction entrance.
- Demolish storm water structures
- Remove asphalt
- Excavate for foundations
- Haul spoils from site
- Begin clearing activities within the permitted limits of disturbance.
