

U.S. ARMY CORPS OF ENGINEERS BALTIMORE DISTRICT

SAME BALTIMORE POST ANNUAL PROGRAMS DEBRIEFING

COL Ed Chamberlayne
Commander and District Engineer
Baltimore District
U.S. Army Corps of Engineers
20 December 2017

"The views, opinions and findings contained in this report are those of the authors(s) and should not be construed as an official Department of the Army position, policy or decision, unless so designated by other official documentation."

US Army Corps
of Engineers®

AN OVERVIEW: BALTIMORE DISTRICT

Overview

- A full service district serving six states and the District of Columbia in the mid-Atlantic and National Capital regions
- Provides primary support to 14 military installations
- Manages water resources in the Susquehanna and Potomac watersheds and upper Chesapeake Bay
- Provides all drinking water to our Nation's capital
- Executes regional and national programs for USACE

The Numbers

- 1,100 civilian employees
- \$1.7B expenditures per year
- 290 miles of federal channels
- 15 reservoir projects
- 11 recreational projects
- 15 million+ visitor hours per year
- 600 acres of oyster habitat created
- \$16B in flood damages prevented to date

District Capabilities

- Engineering, Design, and Construction
- Environmental Services
- Dredging Federal Channels
- Dam/Levee Operations & Maintenance
- Disaster Response & Recovery
- Real Estate Services
- Value Engineering
- Hurricane Modeling
- Military Munitions Response
- Radiological Center of Expertise

Support to our Military

Support to the Public

Current Baltimore District Contracting Opportunities

The U.S. Army Corps of Engineers has played a key role in the development and growth of the nation in peace and in war. For more than 200 years, the Corps has supported the nation's river-based commerce, protected established population centers, provided disaster response and constructed military facilities to protect our nation.

The Baltimore District (NAB) is a full service District that executes regional and national programs for USACE. In fiscal 2017, the District worked on 150 Civil Works projects and 850 active Military projects expending \$150 million and \$1.35 billion respectively. Baltimore District's Washington Aqueduct provides drinking water to our Nation's capital, producing an average of 150 million gallons per day.

Headquartered adjacent to Baltimore's Inner Harbor, the District provides engineering, construction, environmental and real estate expertise to a variety of important projects and customers. The 1,100 employees of the Baltimore District continue to serve the Mid-Atlantic States and the Nation.

Civil Works support encompasses the Susquehanna, Potomac, and upper Chesapeake Bay watersheds, and it spans across six states and the District of Columbia. NAB is responsible for 15 reservoirs with 11 recreation projects, 290 miles of federal navigation channels, 148 miles of federally-constructed levees, and has restored hundreds of acres of wildlife habitat in the Chesapeake Bay.

Military programs are primarily in Maryland, Pennsylvania, District of Columbia, northern Virginia, Delaware, and West Virginia. In addition to supporting service members at more than a dozen major military installations in the District's primary area of responsibility, NAB provides real estate, environmental, and specialized support to military and other Federal clients across the nation and the globe.

NAB fully supports the government policy of placing a fair proportion of its contracts for architect and engineering, environmental, construction and support services with qualified small, small disadvantaged, women owned, HUBZone and service-disabled veteran-owned small businesses. In addition, such concerns are to also be afforded the maximum practicable opportunity to participate as subcontractors in qualifying contracts awarded to large businesses.

US Army Corps of Engineers®

MILITARY SUPPORT / CONSTRUCTION MISSION

We support the warfighter ...

...through a very large military program in support of 12 military installations in the states of:

- ✓ Maryland
 - ✓ Pennsylvania
 - ✓ West Virginia
 - ✓ District of Columbia
 - ✓ Northern Virginia
-
- Projects include design and construction of:
 - ✓ Administrative spaces
 - ✓ Medical and laboratory facilities
 - ✓ Training facilities
 - ✓ Childcare centers
 - ✓ Barracks

 - \$1.9 billion program from FY 2013-17

 - We made major contributions to the success of BRAC '05 (\$4.2 billion)

**U.S. Army Public Health Center
Aberdeen Proving Ground, MD**

**Defense Logistics Agency
Fort Belvoir, VA**

**Defense Information School
Fort Meade, MD**

**Defense Distribution Center

REAL PROPERTY SERVICES FIELD OFFICE (RSFO)

We support the Intelligence Community...

- National Program Manager for NSA/Intelligence Community.
 - Provide real estate, design and construction services
- Baltimore District is a key player in emerging priorities, such as cybersecurity.
- Customers in addition to NSA include both DoD and non-DoD agencies with secure needs.
- Provides full service support to the Office of the Director of National Intelligence.
- Total program FY16-20: \$5.5 billion.

CIVIL WORKS MISSIONS

We provide **water resource planning, engineering design, and construction support**.....focused on **navigation, flood control and environmental restoration.**

Susquehanna and Potomac River Basins 64,000 mi² area with 7,000 miles of coastline

- **Operate and maintain:**
 - ✓ 290 miles of federal navigation channels
 - ✓ 148 miles of federal flood protection levees
 - ✓ 15 federal flood risk management dams and reservoirs
 - ✓ Over 15 million visitor hours to our recreation areas
- **Key contributions:**
 - ✓ Over \$16B in Flood Damage Prevented
 - ✓ Constructed ~600 acres of new Maryland oyster bars through 2017
 - ✓ 1,140 acres of remote islands being restored

Chesapeake Bay

Ecosystem Restoration

Baltimore Harbor

Flood Risk Management

Navigation

US Army Corps
of Engineers®

ENVIRONMENTAL SERVICES

We support our environment by...

- Cleaning up sites contaminated with hazardous, toxic or radioactive waste or ordnance through the Formerly Used Defense Sites program
- Cleaning up low-level radioactive waste from the nation's early atomic weapons program through the Formerly Utilized Sites Remedial Action Program
- Supporting the U.S. Environmental Protection Agency by cleaning up Superfund sites and working with its Brownfields and Urban Waters programs
- Supporting the Army with the Base Realignment and Closure Act program
- Ensuring that facilities comply with federal, state and local environmental laws

**Spring Valley Formerly
Used Defense Site**

**Ordnance Removal
Fort Wainwright, Alaska**

Frankfurt Arsenal

**STURGIS
Decommissioning**

US Army Corps
of Engineers®

INTERAGENCY & INTERNATIONAL SERVICES (IIS)

We support our government family...

- also referred to as “Support for Others,” involves providing reimbursable technical assistance to other Federal agencies, state, and local governments, private U.S. firms, international organizations, and foreign governments
- Customers have included:
 - ✓ Library of Congress
 - ✓ National Park Service
 - ✓ Department of Energy
 - ✓ Department of State
 - ✓ NOAA
 - ✓ VA
 - ✓ National Institute of Standards and Technology
 - ✓ Government Accountability Office
 - ✓ U.S. Customs & Border Protection
