

FACT SHEET as of February 2015

Background: Located near Odenton and along the Baltimore-Washington Parkway (MD Rt. 295), the National Security Agency (NSA) is a major tenant within Fort Meade. NSA consists of a large number of administrative, operational and support spaces and is located within the 2nd and 3rd Congressional Districts of Maryland.

The National Security Agency/Central Security Service (NSA/CSS) is America’s cryptologic organization. It coordinates, directs, and performs highly specialized activities to protect U.S. government information systems and produce foreign signals intelligence information. A high technology organization, NSA is on the frontiers of communications and data processing. It is also one of the most important centers of foreign language analysis and research within the government.
