Renovation / Addition**

Background:

Luke C. Moore Senior High school is a 27,500 square foot school constructed in 1891. The school capacity is 200 students with a current enrollment of 196. The school was identified and approved for modernization in Tier 1 of the 2001 Facility Master Plan. In spring/summer 2001 DCPS completed Educational Specifications for Luke Moore and a feasibility study was completed in November 2001. The modernized school will include renovation of the historical structure and a new addition.

Status:

The designer is Grimm Parker and Associates. The design is complete and construction proposals have been received but are significantly over IGE. Revised proposals based on cost reducing amendments were received on 25 August and are being evaluated. Final round of negotiations ongoing.
