Raystown Lake announces hunting road openings

The U.S. Army Corps of Engineers at Raystown Lake announces the opening of access roads for the fall turkey season and the early firearms seasons:

- The Susquehannock Campground Road (Gate 8) just off Bakers Hollow Road in Penn Township and High Germany Road (Gate 28 –Nancy’s Camp Service Road) off of Rt. 944 near Entriiken will be open from Oct. 29th through Nov. 12th to accommodate the fall turkey season.
- The Miller farm area near Weavers Falls recreation area (Gate 35), the Upper Corners Road near Seven Points (Gate 14), John Bum Road (Gate 27) and Hawn Road (Gate 1), will be open from Oct. 15st through Oct. 22rd to accommodate the state-wide fall antlerless muzzleloading season and the three day firearms season for junior, senior, disabled and active duty hunters.

The Corps may close or choose not to open these gated roads depending on weather, road conditions or special activities such as logging operations. Other hunters, such as those pursuing small game or archery hunting opportunities, may also utilize the roads for vehicle access during these road openings.

There is no off-season maintenance on these roadways. Vehicle operators will be traveling at their own risk. All Pennsylvania Game Commission and Corps of Engineers regulations apply. Additional road and gate openings will be announced for the regular firearms seasons.
