Volunteers needed for Lake Cleanup Day at Raystown Lake April 22

HESSTON, Pa. - Are you looking for a Great Pa. Cleanup or Earth Day project? If so, the Friends of Raystown Lake Cleanup Day is the perfect event. The Friends of Raystown Lake and the U.S. Army Corps of Engineers are seeking energized volunteers to help clean the shores of Raystown Lake.

This year, Lake Cleanup Day is scheduled Saturday, April 22, to coincide with the Great Pa. Cleanup and Earth Day. The cleanup begins at 9 a.m. at Lake Raystown Resort and Lodge and ends around 1 p.m. with a picnic lunch provided by the Friends of Raystown Lake.

All groups will travel by boat (boats will be provided or you may bring your own) to reach remote areas of the shoreline where unsightly litter has accumulated. Together, we will work to clean these areas and recycle the materials.

Lake Cleanup Day is a great opportunity for sportsmen's and environmental organizations, civic clubs, Boy and Girl Scouts, or individual volunteers to demonstrate their commitment to the environment of Raystown Lake.

All interested volunteers should contact Park Ranger Tara Whitsel at (814) 658-6811 to register for the event and receive additional information.
