

Community Interview Questionnaire
Former Manassas Air Force Communications Facility
Independent Hill, Virginia

The U.S. Army Corps of Engineers is committed to protecting the health and environment and improving public safety by cleaning up environmental contamination on properties formerly used for military purposes. We are sending you this questionnaire to understand your concerns and information needs related to the former Manassas Air Force Communications Facility. Your answers will help us get a better picture of what is important to you, and will help us understand what your community wants or needs are from the Corps. Please help us by taking a few moments to answer the questions below and email this form to Brent Graybill, Brent.M.Graybill@usace.army.mil. Thank you!

1. How long have you lived or worked near the area of the former Manassas Air Force Communications Facility?
2. Were you familiar with the former Manassas Air Force Communications Facility prior to our contacting you? If yes, how did you learn about the site? What did you know about the site?
3. Do you have any concerns about the site? Fears? Issues?
4. If you had a question or concern, what would you do? Is there someone you would call or contact?
5. In general, are you aware of any fears about or issues with the site the community may have?
6. What do you think the community would want to know about the site?
7. Would you like to be added to a mailing list to receive fact sheets and other general information about this project?

8. Other than fact sheets, what other ways can the Corps of Engineers provide you information and better involve you in the decision-making process at the former Manassas Air Force Communications Facility?
9. How frequently would you like to receive information? Monthly, bi-monthly, quarterly, annually, whenever events warrant or other?
10. How do you normally receive your information about important issues?
11. What is the most popular newspaper, television station or radio station in the area?
12. Are social media outlets like Facebook or Twitter used for information in the community?
13. Are there local civic/service organizations that could be useful in disseminating information via speeches and presentations?
14. Is there anything else you would like to mention?

Privacy Act Statement

Authority: 10 U.S. Code (USC) 2705. Principal Purpose: To identify attitudes and concerns of area residents concerning activities at the Formerly Used Defense Site (FUDS) project during the study phase. The requested information will be used to develop a Community Relations Plan for the specific FUDS project in question. The information will also be used by the Army to develop a mailing list of individuals interested in receiving fact sheets and other general information about the study. Disclosure of the requested information is voluntary. Failure to provide all the requested information may lessen the effectiveness of the public involvement program for the project.
