

SM-1 Project Update, January 28, 2019

Dear SM-1 Stakeholders,

The SM-1 project team wants to remind our stakeholders that this Friday, January 31, is the deadline for submitting comments regarding the Draft Environmental Assessment (EA), Draft Finding of No Significant Impact (FNSI) for the decommissioning and dismantling of the SM-1 deactivated nuclear power plant at Fort Belvoir. We appreciate the feedback we have gotten so far and that we've heard from throughout this process.

As a reminder, we have the Draft EA, FNSI and associated documents, including presentations and posters from our public meetings, available on our project website - www.nab.usace.army.mil/SM-1/. These files are in addition to additional project information, historical photos, and previous stakeholder updates regarding the SM-1 project.

Comments can be submitted via e-mail to cenab-cc@usace.army.mil or by written mail to:

Brenda Barber, P.E.
USACE Project Manager
c/o AECOM
4840 Cox Road, Glen Allen, VA 23060

Thank you all again for choosing to be a part of this process with us as we continue working through the planning phase of the decommissioning and dismantling of the deactivated SM-1. The team still anticipates awarding a decommissioning contract for the work around the summer timeframe, with mobilization work on site beginning in 2021.

If you have any questions, feedback or information you'd like to share with us, please feel free to e-mail me or call our Corporate Communication team at 410-962-2809.
