Thank you for your support!

The mission...

of the Friends of Raystown
Lake is to promote the
responsible stewardship of the
natural and recreational
resources of the Raystown
Lake Project through the
support of members and
constituents in sponsoring and
developing programs in
education, resource protection
and enhancement, and
recreational improvement.

About us

We began as the Raystown Lake Cleanup Day Committee in 1988. As our interests and involvement at Raystown grew we became The Friends of Raystown Lake and were formally founded in 1996.

Today we are a volunteer directed, non-profit organization with over 500 memberships and individuals who support a variety of initiatives at Raystown Lake.

Join us

Individual, family, club and business memberships are available. Members receive quarterly newsletters that keep them informed of what is happening at Raystown Lake and what the Friends are doing.

As you'll read in this brochure, membership support (not Campground fees) allows us to maintain our diverse contributions to Raystown Lake.

We encourage new and future members to join us for a monthly meeting. We meet at 7 PM on the 2nd Thursday of every month at Hoss's Steak and Seahouse on Rt. 22, Huntingdon.

WHAT WE DO

Campground Management

The Friends manage Seven Points & Susquehannock Campgrounds to maintain & improve camping services for visitors. When considering your membership, bear in mind camping fees can only benefit the campgrounds. We still need your membership support to maintain our other efforts at Raystown!

Lake Cleanup Day

The Friends organize this spring event that, with the help of hundreds of volunteers, removes tons of lakeshore trash every year!

And more...

From maintaining navigation lights & building fish structures, to funding tree plantings and supporting the restoration of the American Chestnut...

The Friends do it!

Allegrippis Trails

The Friends built & manage 30+ miles of award winning trails. Open to all non-motorized users, but purpose built for mountain bikers, the Allegrippis Trails offer arguably the best riding east of the Mississippi.

RayCEP

The Friends founded & sponsor the Raystown Conservation Education Partnership which provides interactive nature programs to visitors.
